

## **SPONSORSHIP OPPORTUNITY**

The Tribal Leaders Diabetes Committee, in collaboration with the National Institutes of Health (NIH/NIDDK), the Indian Health Service (IHS), the Centers for Disease Control and Prevention (CDC), the American Diabetes Association (ADA) and other organizations, is pleased to announce the upcoming large national conference:

### **Diabetes Prevention in American Indian Communities: Turning Hope Into Reality**

December 10-13, 2002  
Adams Mark Hotel, Denver CO

The conference will feature presentations on current research and program development for American Indians with diabetes and will feature national speakers as well as workshops on current programs and activities. The expected audience is approximately 1000 tribal leaders, Indian health professionals, agency/organizational representatives and community members. This conference is expected to be the largest audience ever gathered in Indian country to discuss the challenge of diabetes in American Indian communities and new hope for the future.

Sponsorship opportunities are available in a number of categories:

- Unrestricted educational grants
- Sponsorship of specific activities - meals, breaks, reception
- Exhibits

Sponsors will be acknowledged by level of sponsorship in the program and when Sponsoring specific activities or events. Free registrations and exhibits are available with differing levels of sponsorship.
